

CALF STARTERS & GROWERS

CHS Larsen Cooperative is committed to assisting farmers in reaching their calf/heifer program goals by providing high quality products.

CHS Larsen Elite 20% Calf Starter

Formulated with whole corn to provide starch and whole oats to provide “scratch” for rumen papillae development:

- A palatable, high quality calf starter formulated to encourage early starter intake and optimal rumen development.
- Contains high quality protein sources for frame growth.
- Flavored with molasses and cherry flavor to enhance palatability and promote early starter intake.
- Contains Bovatec® for coccidiosis control.
- Contains Stealth 5® to promote gut health and immune function.

Premium Gold 18% Texturized Calf Starter

Formulated with whole shelled corn for premium calf growth:

- Improved formulation with multiple grain and fiber sources, our nutritionally fortified pellet, and optimal molasses levels.
- Proven to maximize growth and rumen development.
- Up to a 10% improvement in average daily gain vs other conventional starter programs.
- Up to 18% improvement in starter intake in the first 8 weeks of life on a conventional milk replacer feeding program.
- Contains Rumensin® for coccidiosis control.
- Contains Stealth 5® to promote gut health and immune function.

CHS Larsen Hi-Energy 18% Texturized Calf Starter

Formulated with steam-flaked corn for maximum palatability, intake and energy:

- Our nutritionally fortified base pellet, oats, beet pulp, and molasses.
- Contains Rumensin® for coccidiosis control.
- Contains Stealth 5® to promote gut health and immune function.

CHS Larsen 16% Calf Transition Grower

Formulated economically with rolled corn, oats, our nutritionally fortified base pellet, and molasses for growing heifers:

- Available with Rumensin® or as non-medicated grower.
- Non-medicated option is good for all livestock except for sheep.
- Contains Rumensin® for coccidiosis control.
- Contains Stealth 5® to promote gut health and immune function.
- Formulated to supply essential nutrients, vitamins and trace minerals required for healthy growing calves.

HEIFER PRODUCTS & ADDITIVES

CHS Larsen Growth 36% with Rumensin_®

- Pelleted protein, mineral, and vitamin source to boost average daily gains in calves and heifers.
- Can be top dressed with home grown grains at a 1.0 lb feeding rate.
- Increased average daily gains means your heifers will breed sooner, calve earlier and have a greater lifetime productivity.

CHS Larsen Heifer Premix with Rumensin_®

- A mineral formulated to balance the needs of developing heifers.
- Should be fed with home grown forages and grains.
- Can be top dressed or free choice at a 3-4 oz/hd/day.
- Will provide higher levels of Vitamin E to ensure proper overall health.
- Bovatec[®] available upon request.

Additives

Stealth5[®]

A natural way to promote good health. Increases microbial protein. Modulates immune system response. Binds pathogenic bacteria and protozoa. Promotes optimum health and performance.

Clarify[®]

Fly Control, available in our products during fly season.

Safeguard[®] Dewormer

Available to add to our feeds.
