

SUNNYSIDE JUMBO BROILERS

Every year the Sunnyside Jumbo Broilers make more happy customers. Broad breasts, strong legs, excellent feed conversion and livability make for a top broiler or roaster. This fast growing meat type bird can average 5.8 lbs. for pullets, 6.5 lbs. for straight run and 7 plus lbs. for cocks....truly amazing.

DUAL PURPOSE

BROWN

The males are buff color with a few dark feathers and weigh 5-6 lbs. at 20-22 weeks. The female is brown with white under feathers and weighs 5 lbs. at maturity. The commercial Brown female has been bred to lay brown eggs at a high rate of production with excellent egg quality. It has a quiet temperament and is extremely hardy.

RED

The Sunnyside Red male and female look similar to the old farm favorite, Rhode Island Red - dark brownish red color with black wings and tail feather ends. Females weigh 5 to 5.5 pounds at maturity. Males weigh 6 to 7 pounds at 20 to 22 weeks. The female is really hardy as well as an excellent brown egg producer.
